Operation Regrow: Double Your Impact Today!

Support Hearing Loss Research

Dear David,

As you know, Hearing Health Foundation (HHF) funds the Hearing Restoration Project (HRP)'s life-changing research to develop biological cures for hearing loss and tinnitus. I am writing to let you know of a research funding opportunity you can share with your constituents - if you wish.

We are a few days into an exciting, two-week campaign called [Operation Regrow](#) - a **fundraising effort to provide the HRP with greater resources needed to regrow hair cells in the inner ear**. All gifts received before June 19 at 11:59 PM ET will be matched by an anonymous donor.

If appropriate, I would be grateful if you could spread the word to those who you know who may be interested in being a part of this campaign.

All my best,

Nadine Dehgan, CEO
