

Prepare Your Community for Disasters and Crises with Free Virtual Trainings

TEAM KENTUCKY®

CABINET FOR HEALTH AND FAMILY SERVICES

Department for Behavioral Health, Developmental and Intellectual Disabilities

12 options to learn more about our new toolkit

Now's the time to prepare for future disasters and traumatic community events.

The Comprehensive Behavioral Health Preparedness Toolkit

supports schools, faith organizations, local agencies, and other community groups to accommodate the behavioral health needs of individuals as they prepare for, respond to, and recover from natural disasters and school crisis events. This training will walk

you through the steps to take now to prepare your community and connect you to technical assistance providers who can support your efforts moving forward.

Check this out

12 virtual trainings will be offered April 2024- June 2024 for agencies, schools, businesses, faith organizations, and other community groups.

Please visit <https://linktr.ee/dbhdidtoolkittrainings2024> to select and register for the training date and time that fits your schedule. 90 minutes of EILA hours have been approved, CEs have been applied for, and a participation certificate will be provided for all attendees to submit to their boards.
